**Cleaning For A Reason Week Celebrates Maid Services**  
Nonprofit Supports Local Maid Services Participating In Cleaning Cancer  
Patients' Homes

**LEWISVILLE, TEXAS (APRIL 15, 2017)** – National Cleaning for a Reason Week is April 18-24. Celebrate this week by supporting local maid services that participate in the Cleaning For A Reason foundation.

“This is a time for us to appreciate the kind hearts of all the cleaning services that dedicate their time and energy to these women,” Cleaning for a Reason Director Lynn Frankenfield said.

Cleaning for a Reason is a nonprofit that gives free house cleanings to women undergoing any kind of cancer treatment. Cleaning for a Reason Week began in 2009 and has continued every year since.

“We encourage anyone involved with Cleaning for a Reason to give back this week,” Founder Debbie Sardone said. “We want to show our appreciation for every business that partners with us.”

Maid services displaying the logo above are participating Partners. Here are 5 ways you can show your support during Cleaning for a Reason Week:

- Hire A Partner Maid Service - Enjoy a clean house all the while supporting a maid service that gives back.
- If you're using a maid service now, invite them to join the Cleaning For A Reason foundation so they can give back, too.
- Tell A Friend - Referrals are the lifeblood of every business. Your recommendation means so much to each cleaning Partner.
- Donate Now - The Cleaning For A Reason foundation is funded primarily by donations. Your support is always appreciated and greatly needed.
- Spread the word - If you know someone who can help our foundation with grants, gifts, or donate products or services, tell them about us.
